St. Louis County Library is a vital community resource, supporting literacy and partnering with other organizations to support and enrich our community. In addition to books and other library materials, we offer free programs and services including computer classes, small business assistance, job help, story times, STEM programming, summer and winter reading clubs, individualized help and so much more.

The Year Ahead

+ **Your Library Renewed**—Eleven new or renovated branches have been completed as part of the Your Library Renewed campaign. Phase two of construction began in late 2016 and will continue this year. Renovations include several exciting new features such as private study rooms, enhanced children's areas, business centers and family restrooms. Details about the projects can be found at www.slcl.org/your-library-renewed.

+ **Innovative Programming**—SLCL continues to provide creative and educational programming for all ages. In 2017, the library will introduce maker space kits that contain 3D printers, DIY activities, supplies and tools for people to create, invent and learn.

+ **Resources for Families**—Discovery Zones for children of all ages will be installed at the Daniel Boone and Florissant Valley branches in 2017. These spaces will be highly interactive with unique features that encourage literacy, collaborative play and problem solving.
