Social Story for Sensory Story
Time at Weber Road
Today I am going to Story Time at the Library.
In the children’s area I can check out books, DVDs and kits before and after Story Time, or even stop to play at the marketplace.
If I need to use the restroom, there’s a special one just for me and my parents in the children’s area.
When I get thirsty, I can get a drink at the water fountain or fill up my water bottle.
Just before Story Time starts, I go to the meeting room where other children and parents come as well.
Miss Sam welcomes me to Story Time and reads stories to us.
We can dance and act silly at Story Time.
At the end of Story Time, I stay to play with fun toys and the other children.
After Story Time is over, we all go home. I’m not sad to leave because I know that I will come back for the next Story Time.
